

## LIFE HISTORY QUESTIONNAIRE\*

Applicants for Holy Orders receive this questionnaire for self-examination and preparation for the mental health evaluation required by the Canons of the Episcopal Church. This completed, confidential document is conveyed by the applicant directly to the mental health professional(s) conducting the clinical examination in whose custody it exclusively remains.

The examiner's conclusions following clinical examination are based upon a wide variety of test and interview responses. No individual question in this document determines the outcome of the clinical interview. Rather, the LHQ serves as a comprehensive foundation for the structured clinical interview. The examiner's final impressions, based in part upon this document and the clinical interview, form the basis of the Required Mental Health Evaluation Report Summary.

---

\* Like other parts of the discernment process, this evaluation addresses the impact of previous and current life issues upon one's readiness for ordained ministry. This document, combined with the clinical interview, provides the applicant with an opportunity to discuss personal life and vocational goals in context with one's life history. This document, once completed, remains a part of the clinician's file and is not delivered to the diocese.

**DIRECTIONS:** This questionnaire contains a series of items regarding your background, experiences, and beliefs. Please read each question carefully. For each question, type a response. For some items, you will be asked to type your answer in the space following each question. Other confidential questions will require you to check a response option for your answer.

**DO NOT skip items.** If a question does not apply to you, type "*Does Not Apply*" or "*N/A.*"

If you opt to handwrite this questionnaire, please use an **INK PEN.**

**If you need additional space for an answer, please use the blank pages at the end of this questionnaire.**
